Fun & Games: Board Game Cafe

Come join your colleagues in the Turtlewatch Room for some fun and games – literally! We'll offer a wide range of games—from light, easy, and casual to deep and strategic. There are games for 2 players and games for many players. Whether you are a seasoned gamer or new to the hobby, there's something for everyone. Stick to one of the classics or try something new! The Board Game Café will be open from 2:00 pm – 5:00 pm.

Wrightsville Beach Brewery Tour

The genesis of Wrightsville Beach Brewery (WBB) was a perplexing question from three oysterman friends that desperately needed an answer: "Why was it that Wrightsville Beach, home to some of the world's tastiest oysters, oysters which they thought were best accompanied by beer, didn't have a local brewery?" They began home brewing, and after much experimentation and key equipment purchases founded WBB.

[Wrightsville Beach Brewery](#) is located at 6201 Oleander Drive in Wilmington, which is 3.9 miles from the Holiday Inn Lumina. Plan to leave at least 10 minutes to drive there and park.

The brewery tour will begin at 2:30 pm. After the tour, you're welcome to spend additional time at the brewery, either inside or outside.

Carolina Beach State Park Tour

For those of you that signed up for the [Carolina Beach State Park](#) tour the park address is 1010 State Park Road, Carolina Beach which is 18.2 miles from the hotel. Per Google Maps, please allow at 35 minutes to reach the park from the hotel.

Please meet your guide, Park Ranger Christian Watts, in the Nature Trail parking lot at 2:30pm. The Nature Trail parking lot is the first left after the visitor center. Christian will take you on a guided 30-45 minute biological hike through several ecosystems. Please dress appropriately for the weather, wear sturdy shoes for hiking, and bring bug spray.

At the end of the guided hike you can continue hiking on your own, relax and enjoy the scenery and/or stop in the Visitor's Center. The visitor center features an exhibit hall that showcases the ecology of the park, focusing on the fascinating carnivorous plants that call the park home.
